838. Many people think it is important to have complete freedom of the press and news media in the United States. Others think that the press too often invades the privacy of public figures–like Senators or members of Congress by printing stories that contain personal details about their private lives. Which of the three statements on this card comes closest to your feelings about balancing freedom of the press and the right to privacy?

851. Next, I'm going to read you some descriptions of health problems people sometimes experience. Some people might go to a doctor, others might not.

A. The first description is:

Not being able to do moderate activities, such as moving a table, pushing a vacuum cleaner, bowling or playing golf?

How likely would you be to seek medical treatment–that is, see a doctor, a nurse or other health professional–for this situation? Would you definitely go probably go, probably not go, or definitely not go?

853. As you know, when people go to doctors, they may hold different expectations of what should result from their treatment. I'm going to describe a health problem. Please tell me how much you, yourself, would expect to get each of the following:

A. Say you went to treatment because you feel downhearted and blue and this interferes with your social activities (like visiting friends, relatives, etc.)

Would you definitely expect, probably expect, probably not expect, or definitely not expect your overall quality of life to improve?

REMARKS: Vignette wording:

Imagine you've been experiencing headaches. You visit your doctor and talk to him about your symptoms. You also tell the doctor that you've been feeling a lot of stress lately. After doing a complete examination, the doctor decides that the headaches are probably due to stress. The doctor wants to work with you over the next month to reduce your stress.

You want to have an MRI to make sure everything is OK. An MRI is a special and expensive type of x-ray that allows doctors to take detailed pictures of parts of the body such as the heart, spinal cord, or head.
Remember that after your complete examination the doctor thinks you don't need the MRI. Then imagine that you have the following conversation with the doctor about the MRI and financial incentives. In this dialogue, the patient speaks first.

VIGNETTE 1 - CODE 1

PAT: I'd feel better if I had an MRI. I'm worried that you won't order it because it's too expensive.

DOC: Our physician's group does have financial incentives to keep costs down by avoiding tests when they are not necessary. However, no single decision about an MRI affects my salary. In my opinion an MRI is not needed in your case.

VIGNETTE 2 - CODE 2

PAT: I'd feel better if I had an MRI. I'm worried that you won't order it because it's too expensive.

DOC: It used to be that physicians were able to provide tests for patients just to set their minds at rest. Unfortunately, your health plan won't allow me to do it for that reason. Even though I'd like to order it for you, your plan is not going to pay for it.

VIGNETTE 3 - CODE 3

PAT: I'd feel better if I had an MRI. I'm worried that you won't order it because it's too expensive.

DOC: I can understand that you're worried about whether everything is OK. It also sounds like you're worried that I'm not ordering the test because it's too expensive. These days with Managed Care lots of people share your worries about this. I want to set your mind at rest because I truly do not think that the test is needed at this point.

VIGNETTE 4 - CODE 4

PAT: I'd feel better if I had an MRI. I'm worried that you won't order it because it's too expensive.

DOC: I understand that you'd like an MRI to make sure that everything is OK. But based on your symptoms, I really don't think you need one. I'd like to treat you for a month or so and then talk again about whether we need an MRI. Would that be acceptable to you?

VIGNETTE 5 - CODE 5

PAT: I'd feel better if I had an MRI. I'm worried that you won't order it because it's too expensive.

DOC: I've had a lot of experience taking care of patients with problems like yours. The problem you're having is really quite common. You should follow the treatment I've outlined, and then I can reevaluate the situation again in a month.

VIGNETTE 6 - CODE 6

PAT: I'd feel better if I had an MRI. I'm worried that you won't order it because it's too expensive.

DOC: I usually don't order an MRI under circumstances like yours. There's no outside pressure that has made any difference in how I treat patients with headaches. You may set your mind at rest that I'm doing this because this is how I practice medicine.

861. This section is about physicians telling patients about how health insurance and managed care policies affect health care. First, I will ask you about your health care. Later, you will hear a recorded conversation between a doctor and patient and I'll ask some questions about the conversation.

Do you have a regular doctor or clinic?

The 2002 Topical Module: Altruism
(Qs. EMPATHY1-SELFFRST)

935. The following statements ask about your thoughts and feelings in various situations. For each item indicate how well it describes you by choosing the number on the showcard where 1 indicates that it does not describe you very well and 5 means that it does describe you very well. Of course numbers 2-4 indicate that how well it describes you are in between these points.

HAND CARD GJ

A. I often have tender, concerned feelings for people less fortunate than me.

REMARKS: Vignette text:
Next I'm going to describe a youth -- named (John/Mary). After I read a description of (him/her) I'll ask you some questions about how you think and feel about (him/her).

ADHD vignette

INTERVIEWER: READ SELECTED VIGNETTE, THEN GIVE CARD FOR VIGNETTE (CHLDVIG) TO R FOR REFERENCE.

(John/Mary) is a (white/black), (male/female), (child who is 8/youth who is 14) years old. (John/Mary) has always had trouble in school, especially in completing assignments on time, even though (he/she) has average intelligence. (John/Mary)'s teachers note that (John/Mary) is very distractible, and that they often have to remind (John/Mary) to get back to the task at hand. (John/Mary) is often up and down, out of (his/her) seat, looking out the window, or talking to classmates (John/Mary) does similar things at home. (His/Her) parents notice that (he/she) easily forgets what (he/she)'s supposed to be doing, has trouble getting up in the morning and going to bed at night, and loses things like toys and games. (John/Mary) also has difficulty making and keeping friends.

Depression vignette

INTERVIEWER: READ SELECTED VIGNETTE, THEN GIVE CARD FOR VIGNETTE (CHLDVIG) TO R FOR REFERENCE.

(John/Mary) is a (white/black), (male/female) (child who is 8/youth who is 14) years old. In the last few months, (John/Mary) has been increasingly moody, staying in (his/her) room after school, and seems to have lost interest in (his/her) favorite hobbies and in friends. (John/Mary) says that (he/she) always feels very tired even though (he/she) is sleeping more than normal, and doesn't feel like eating. (John/Mary) has been having trouble concentrating on what (he/she) is doing both in school and at home, and has told (his/her) parents that "I wish I hadn't been born." One of (John/Mary)'s friends has also heard (him/her) talk about committing suicide.

Normal vignette

INTERVIEWER: READ SELECTED VIGNETTE, THEN GIVE CARD FOR VIGNETTE (CHLDVIG) TO R FOR REFERENCE.

(John/Mary) is a (white/black), (male/female) (child who is 8/youth who is 14) years old. (John/Mary) has several friends in (his/her) neighborhood that (he/she) gets together with one or two times per week, and is involved in several hobbies, including sports and music. (John/Mary) usually gets along fairly well with other kids, but occasionally has some problems with needing to have (his/her) own way or go first in games. (John/Mary) is of average intelligence and behaves appropriately at school, although (he/she) tends to be somewhat shy about participating in class. (John/Mary)'s parents note that (he/she) is sometimes moody, but this comes and goes.

Asthma vignette

INTERVIEWER: READ SELECTED VIGNETTE, THEN GIVE CARD FOR VIGNETTE (CH

(John/Mary) is a (white/black), (male/female) (child who is 8/youth who is 14) years old. (John/Mary) has a history of breathing problems. (John/Mary) often has bouts of coughing at night, and doesn't sleep very well. (His/Her) parents and teachers have noticed that these problems seem to be particularly bad during challenging situations, in the spring and fall, and during strenuous sports activities. (John/Mary) used to enjoy playing soccer but recently gave it up because of these problems. (John/Mary) feels badly about (his/her) breathing problems, which seem to be getting worse, and wishes (he/she) could "be just like other kids." (John/Mary) is involved in several hobbies, including sports and music, and shares these activities with several friends.

948. First, I'd like to know what you think may be wrong (if anything) with (John/Mary).
PROBE: Anything else?

The next question refers to [COUNTRY NAMED IN NATBORN]. In a moment, I will show you a card that has three boxes—A, B,and C. There's something I want to explain before I show you the card. We just want you to choose one box. We do not need to know anything specific about what's inside the boxes.

Box A and Box B show pictures of houses. Box C is for any kind of house not shown in the pictures.

Box A	**Box B**	**Box C**
Farm	Apartment building Hut, Shack or other nonstandard dwelling Single-family house	Other type of dwelling (specify)

979. Thinking back to the time when you were born, tell me which box shows the kind of house your family lived in at that time: A, B, or C? We just want you to choose one box.

IF RESPONDENT HESITATES OR CALLS OUT AN ITEM IN BOX B, SAY: If you're in Box B, we do not need to know which specific type of transportation applies to you. The reason is that, right now, we're focusing on Box A.

In a moment, I am going to show you another card with three boxes. Again, you answer by just picking a box. The question is about immigration, but it does not "zero in" on anything that people might not want to tell us. Here's the card—which I need to explain before you answer.

As you can see, Box A at the top shows the immigration card for permanent legal residence in the United States; it is also called a "green card." It is an official valid card issued to you by the United States government. Box B shows some drawings for U.S. citizen and other immigration categories; I would be happy to explain these if you like. Box C is for categories not listed in A or B.

981. Thinking of your current immigration status right now, is that in Box A, B, or C? If it's in Box B, we do not want to know which specific category applies to you, and there will be no more questions about Box B. (IF RESPONDENT ASKS WHY, SAY: Because right now we are focusing on Box A.)

A

Legal permanent resident
With a valid and official green card issued to me by the U.S. government

B

United States Citizen

Student, work, or tourist visa

Undocumented
I do not have my own valid official green card

Refugee or asylee

C

Some other category
Not in Box A or Box B

The 2004 Topical Module: Genes and the Environment (Questions GENEVIG1-GENENVO4)

INSTRUCTIONS FOR QUESTIONS GENEVIG16-GENENVO4:

Character, personality, and many types of behavior are influenced both by the genes people inherit from their parents and by what they learn and experience as they grow up. For each of the following descriptions, we would like you to indicate what percent of the person's behavior you believe is influenced by the genes they inherit, and what percent is influenced by their learning and experience and other aspects of their environment.

The boxes on handcard D1 are arranged so that the first box on the LEFT (which is numbered 1) represents 100% genetic influence (and 0% environment). The next box (numbered 2) represents 95% genes (and 5% environment), and so on. The RIGHTMOST box (numbered 21) represents 100% environmental influence (and no genetic influence). After each description, please type the number of the box that comes closest to your answer.

Please use the numbered scale on handcard D1 to indicate, FOR EACH OF THE BEHAVIORS DESCRIBED, what percent of the person's behavior you think is influenced by the genes they inherit, and what percent is influenced by their learning and experience. After each question, type the number of the box that comes closest to your answer. Remember, the higher the number, the more you think the behavior is influenced by learning and experience; the lower the number, the more you think it is influenced by genes

984. Vignette set number given to respondent.

Some of the following items refer to a specific love relationship, while other refer to general attitudes and beliefs about love. Whenever possible, answer the questions with your current partner in mind. If you do not have a current partner, answer the question with your most recent partner in mind. If you have never been in love, answer in terms of what you think your response would most likely be.

995. Do you agree strongly, agree somewhat, neither agree nor disagree, disagree somewhat, or strongly disagree with the following statements?

For questions ALLOFLFE-GODCLOSE: The list that follows includes items you may or may not experience. Please consider if and how often you have these experiences, and try to disregard whether you feel you should or should not have them. A number of items use the word 'God.' If this word is not a comfortable one, please substitute another idea that calls to mind the divine or holy for you.

You may experience the following in your daily life, if so how often.

1011. Experience a connection to all of life

REMARKS: There are a small number of inconsistent responses to the preceding items on alcohol consumption during the last year (e.g. reporting drinking 1-3 times a year on DRINKYR and drinking 4 or more times on DRINK6UP). These have been retained so researchers can examine these discrepancies.
The next few questions are about how much wine, beer, and liquor you may have had during the last 12 months. When we say one drink, we mean a can, bottle, or glass of beer; a glass of wine, or any drink containing liquor of any kind. Hand Card F1 contained responses 1-8.
This question was asked only to women respondents.

1026. Think of all kinds of alcoholic beverages combined, that is, any combination of cans, bottles or glasses of beer; glasses of wine; or drinks containing liquor of any kind. During the last 12 months, what is the largest number of drinks you had on any single day? Was it:

The next few items concern some public issues.

1060. The first issue is global warming. Global warming means a trend toward warmer temperatures throughout the world, with more extreme weather in many places and changes in food production that could affect our way of life. Some people believe that the burning of gasoline and other fossil fuels causes global warming. Others say that global warming has purely natural causes.

HAND CARD B2

1070. The first issue is federal income taxes. Some people say that reducing income taxes almost always helps the economy grow. Others say that reducing income taxes has very little long-term impact on economic growth but could cause a big increase in the deficit. Please look at Card B10. (On a scale of 1 to 5, where 1 means “Very Well” and 5 means “Not at All”), how well do the following groups understand the likely effects of reducing federal income taxes?

1074. Here is another public issue: genetically modified foods. Genetically modified foods come from plants or animals whose characteristics have been changed by the alteration, addition, or deletion of DNA in their genetic material using advanced laboratory techniques.

Some say that genetically modified foods are unsafe and pose risks for human health. Others say that they are safe and necessary to reduce world hunger. Please look at Card B15. (On a scale of 1 to 5, where 1 means “Very Well” and 5 means “Not at All”), how well do the following groups understand the risks posed by genetically modified foods?

INSTRUCTION: IF ASKED WHAT “ADVANCED LABORATORY TECHNIQUES” MEANS: This typically involves “recombinant DNA” or “gene splicing,” in which genetic material from one organism is inserted into the genes of another. Sometimes, the two organisms are members of different species.

REMARKS: Hand Card B22 contains responses 1-4.

1082. 2007-2008 has been designated the International Polar Year. During this year, many scientific and educational organizations will be making efforts to increase public awareness of the Earth's polar regions. These organizations hope that people will learn more about the people and animals that live near the poles, the changes taking place in the environment there, and new scientific discoveries about the Arctic and the Antarctic. Still looking at Card B22, do you think you would be very likely, somewhat likely, somewhat unlikely, or very unlikely to…

1083. The next few questions are about the Arctic and the Antarctic. The Arctic is the region around the North Pole; Antarctic is the region that contains the South Pole. These questions are like ones you might see on a television game show. If you don't know or aren't sure, just tell me so, and we will skip to the next question. Remember true, false, or don't know.

INSTRUCTION: DO NOT PROBE "DON'T KNOW"

1087. Here are a couple of true-false questions about nanotechnology. As before, if you don't know or aren't sure, just tell me so, and we will skip to the next question. Remember true, false, or don't know.

INSTRUCTION: DO NOT PROBE "DON'T KNOW."

A. Nanotechnology involves manipulating extremely small units of matter, such as individual atoms, in order to produce better materials. (Is that true or false?)

1088. Nanotechnology works at the molecular level atom by atom to build new structures, materials, and machines. IF ASKED: A stock option is a right to purchase stock at a set price for several years into the future, typically ten years. For example, one stock option at $10 means that you can purchase your company stock for $10 anytime over ten years. A stock option does not include a plan in which there are periodic deductions from payroll to set aside money to purchase shares at the end of an offering period. That is typically called an Employee Stock Purchase Plan.

REMARKS: This item was not asked to respondents. It was a preloaded item used to drive skips in a module.

I'm going to ask you some questions about all the people that you are acquainted with, meaning that you know their name and would stop and talk at least for a moment if you ran into the person on the street or in a shopping mall. Some of these questions may seem unusual but they are an important way to help us understand more about social networks in America. Please answer the questions as best you can.

The 2006 Topical Module: Mental Health 1
(Qs. VIGVERMY-MHSYMP)

REMARKS: Vignette text:

First, I'm going to describe a person, let's call (him/her) [Tyrone/John/Shontell/Mary]. After I read a description of (him/her) I'll ask you some questions about how you think and feel about (him/her). There are no right-or-wrong answers. I'm only interested in what you think of [Tyrone/John/Shontell/Mary].

M1VIG1 **Tyrone**

Tyrone is a black man. For the last several weeks Tyrone has been feeling really down. He wakes up in the morning with a sad mood and heavy feeling that sticks with him all day long. He isn't enjoying things the way he normally would. In fact nothing seems to give him pleasure. Even when good things happen, they don't seem to make **Tyrone** happy. The smallest tasks are difficult to accomplish. He finds it hard to concentrate on anything. He feels out of energy, out of steam and cannot do things he usually does. And even though **Tyrone** feels tired, when night comes he can't go to sleep. **Tyrone** feels pretty worthless, very discouraged, and guilty. **Tyrone's** family has noticed that he has lost appetite and weight. He has pulled away from them and just doesn't feel like talking.

M1VIG5

Tyrone is a **black man**. Up until a year ago, life was pretty okay for **Tyrone**. But then, things started to change. He thought that people around him were making disapproving comments, and talking behind his back. **Tyrone** was convinced that people were spying on him and that they could hear what he was thinking. **Tyrone** lost his drive to participate in his usual work and family activities and retreated to his home, eventually spending most of his time on his own. **Tyrone** became so preoccupied with what he was thinking that he skipped meals and stopped bathing regularly. At night, when everyone else was sleeping, he was walking back and forth at home. **Tyrone** was hearing voices even though no one else was around. These voices told him what to do and what to think. He has been living this way or six months.

Section F: NEW SCIENCE ITEMS

Now, we are going to do some more detailed questions on science and technology. Scientists and educators are interested in how familiar adults are with the things being taught in today's schools. Many of these questions are likely to concern things that weren't taught or emphasized when you were in school. Some of the questions involve pictures or graphs. SELF-ADMINISTERED CONDITION ONLY: You may not know the answer to every question. Just hit the [F7] key to move onto the next question. When you are ready, please ask the interviewer for the cards with the pictures.

B. Now suppose the confidential government papers were about economic plans.

Should the newspaper be allowed to publish the papers?.....
or
Should the government have the power to prevent publication.....

BEFORE GOING ON TO THE NEXT QUESTION, CHECK TO SEE THAT YOU HAVE ONE NUMBER CIRCLED IN THE FIRST CHOICE COLUMN AND ONE CIRCLED IN THE SECOND CHOICE COLUMN.

1390. Suppose you needed advice about an important change in your life -- for example, about a job or moving to another part of the country?

A. Who would you turn to first for help?

B. Who would you turn to second?

PLEASE CIRCLE ONLY ONE FIRST CHOICE NUMBER AND ONE SECOND CHOICE NUMBER.

1430. We would like to know what you think people in these jobs actually earn. Please write in how much you think they usually earn, each year, before taxes. Many people are not exactly sure about this but your best guess will be close enough. This may be difficult, but it is very important. So please try. Please write in how much they actually earn each year.

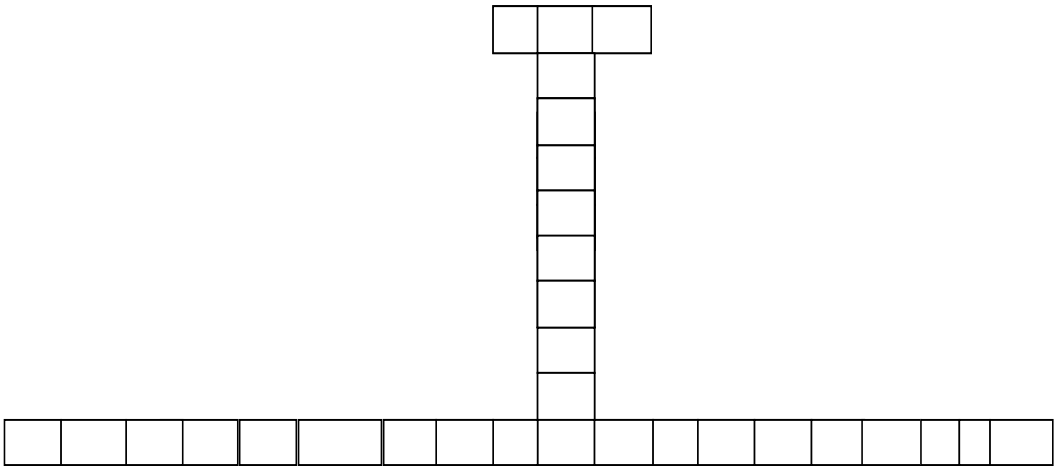
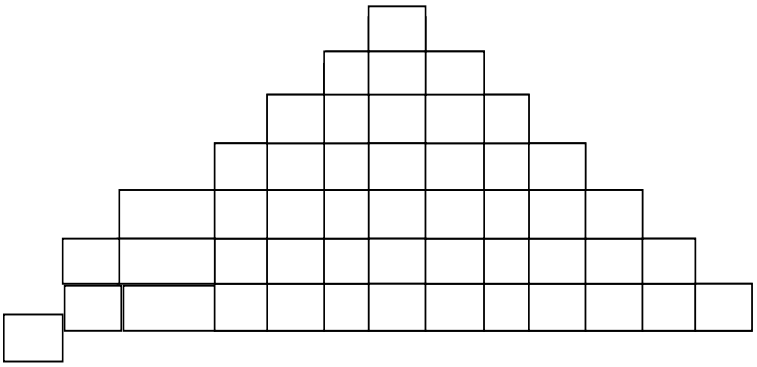
1446. These five diagrams show different types of society. Please read the descriptions and look at the diagrams and decide which you think best describes America today. . .

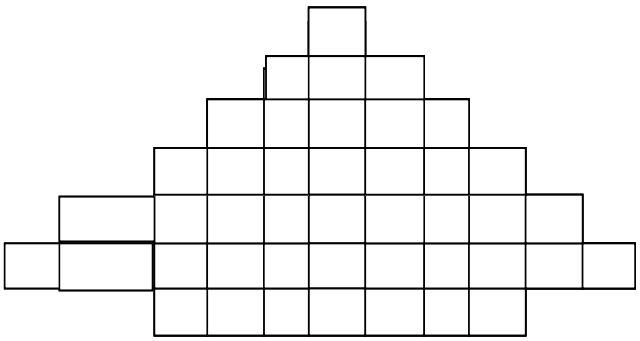
Type A: A small elite at the top, very few people in the middle and the great mass of people at the bottom.



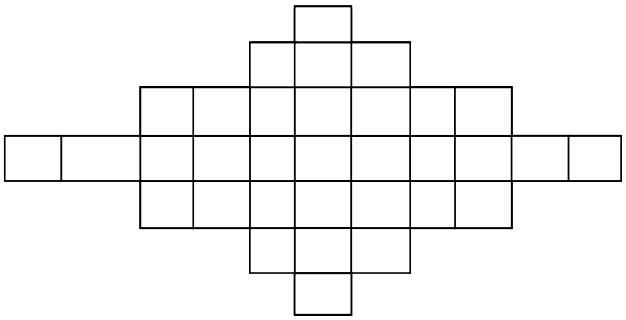
Type B: A society like a pyramid with a small elite at the top, more people in the middle, and most at the bottom



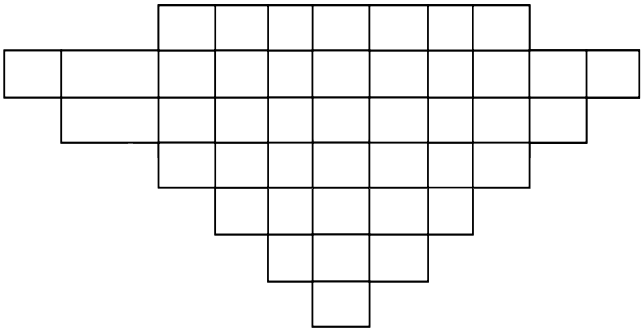
Type C: A pyramid except that just a few people are at the very bottom



Type D: A society with most people in the middle



Type E: Many people near the top, and only a few near the bottom



First, what type of society is America today - which diagram comes closest?

REMARKS: Qs. FAMSUFFR and HUBBYWRK were asked as part of the 1991 ISSP module on religion; see also Qs. SPIRITS, GRACE, NEARGOD, GOD, JOBSALL, EQUALIZE, HAPUNHAP-ANTIREL. In 1994, TWOINCS used "man" and "woman." In 2002, in Qs. MAWRKWRM-FAMSUFFR, HOMEKID-FEJOBIND, the "disagree" category (punch 5) was collapsed to reflect both disagree and "strongly disagree" response options.

REMARKS: In 1988, RWRKNOKD-RWRKGRWN were asked of those who were married and have had children. In 1994 and 2002, RWRKNOKD-RWRKGRWN were asked of those who have had children regardless of marital status. Code 8, "does not apply," was a valid response and given by the respondent whereas BK, "not applicable," was generated by skip logic.

AND PLEASE ANSWER THIS QUESTION IF YOU ARE MARRIED AND BOTH OF YOU ARE CURRENTLY WORKING FOR PAY.

1471. Who earns more money?

1655. Here are some different forms of political and social action that people can take. Please indicate, for each one,
whether you have done any of these things in the past year,
whether you have done it in the more distant past,
whether you have not done it but might do it,
or have not done it and would never, under any circumstances, do it.

1755. Today, tests are being developed that make it possible to detect serious genetic defects before a baby is born. But so far, it is impossible either to treat or to correct most of them. If (you/your partner) were pregnant, would you want (her) to have a test to find out if the baby has any serious genetic defects?

REMARKS: PARTNERS-GENEABRT were self-administered. In 1988 on form 1, the questions were proceeded by "Now we would like to ask you some additional questions. Your answers are confidential and will be used only for statistical reports." Form 2 said, "There is a great deal of concern today about the AIDS epidemic and how to deal with it. Because of the grave nature of this problem, we are going to ask you some personal questions and we need your frank and honest responses. Your answers are confidential and will be used only for statistical reports." Since 1989 the "AIDS" introduction was used on all cases. Also in 1989 SEXFREQ1 appeared first on the card on Form 2, immediately prior to MATESEX. On Form 1 PARTOPN5 appeared immediately following PARTOPEN. In 1990 MATESEX was asked on form 1 and SEXSEX was asked on form 2. In 1991 PARTNERS was asked on form 1 and SEXFREQ2 on form 2. In 1991 NUMMEN was asked on form 1 and NUMWOMEN on form 2. People who did not do this supplement are coded as BK. See Appendix T, GSS Methodological Reports Nos. 56 and 65.

1764. Now, I'm going to ask you about various events and conditions that happen to people. I'm interested in those that happened to you during the last 12 months, that is since (CURRENT MONTH), 2003. As I ask you about the specific events, please think carefully, so I can record things accurately.

A. First, thinking about health related matters, did any of the following happen to you since February/March, 1990?

1. Ill enough to go to a doctor.

REMARKS: POVLINE and INCDEF used government definitions of poverty status to classify households. Imputed cases (codes 2,4,6 on POVLINE) calculated poverty status based on estimated income values. Borderline cases (Codes 5,6 on POVLINE) are those whose income category straddled the poverty line cut-off (e.g. a household income of income $10,000 to $14,000 in 1976 when the line was at $12,493 for a family of 9 with 2 children). Note that negative values for INCDEF indicate that the respondent's household is below the poverty line. For full details see Appendix T, GSS methodological Report No. 57.

1803. We would like to know something about how people go about guessing words they do not know. On this card are listed some words--you may know some of them, and you may not know quite a few of them.

On each line the first word is in capital letters -- like BEAST. Then there are five other words. Tell me the number of the word that comes closest to the meaning of the word in capital letters. For example, if the word in capital letters is BEAST, you would say "4" since "animal" come closer to BEAST than any of the other words. If you wish, I will read the words to you. These words are difficult for almost everyone -- just give me your best guess if you are not sure of the answer.

REMARKS: See Appendix D: Recodes, for discussion of word test. Card IW lists Words and Choices. In 2008 an error in a skip instruction was discovered shortly before the start of the field period. It was not possible to correct the error until after data collection had started. The program correction was implemented starting April 25. As a result, 151 cases in the cross-sectional on versions 1 or 2 who should have been asked vocabulary questions were wrongly skipped. More details on this sample matter are available from the project.

1811. Please tell me the names of the people who usually live in this household. Let's start with the head of the household. [LIST ON LINES 01-10 BELOW.]

Have we forgotten anyone: such as babies or small children; roomers; people who usually live here, but are away temporarily--on business trips, vacations, at school, temporarily in a hospital, and so on? [LIST ADDITIONAL PERSONS ON LINES 01-10 BELOW.]

Are there any people currently staying here--visitors, friends or relatives--do not usually live here? [LIST VISITORS ON LINES 11-14 BELOW.]

A. What is that [PERSON'S] relationship to the HEAD OF HOUSEHOLD?

B. Code sex. [ASK IF NOT OBVIOUS].

C. How old was [HEAD/PERSON] on (his/her) last birthday?

D. IF 13 YRS OR OLDER ASK: Is [PERSON] now married, widowed, divorced, separated, or has (he/she) never been married?

E. Are any of the people we have listed staying somewhere else right now? If yes, who is staying somewhere else right now?

F. Where is [PERSON] staying right now? Is [PERSON] staying at another household; Is (he/she) traveling; Is (he/she) in some institution or dormitory--like at college or in a hospital or something; or what?

REMARKS: For relation to head see RELATE1 and RELHHD1. See GSS Methodological Report No. 73. Over the years, the variables of household composition have changed twice. The RELATE1-14 series has been asked over all the years of the survey. In 1993, extra categories were added and, because of this, the variable names were changed to RELHHD1-14. In 2000, two additional changes were made. First, the definition of head of household was changed from “head of household” to “the person or one of the persons who own or rents this home.” Second, additional categories were added about children. Because of this, a new household composition series, RELHH1-14, was created. RELHH variables can be collapsed into the RELHHD format, and the RELHHD variables can be collapsed into the RELATE series.

REMARKS: Over the years, the variables of household composition have changed twice. The RELATE1-14 series has been asked over all the years of the survey. In 1993, extra categories were added and, because of this, the variable names were changed to RELHHD1-14. In 2000, two additional changes were made. First, the definition of head of household was changed from “head of household” to “the person or one of the persons who own or rents this home.” Second, additional categories were added about children. Because of this, a new household composition series, RELHH1-14, was created. RELHH variables can be collapsed into the RELHHD format, and the RELHHD variables can be collapsed into the RELATE series.

1813. Number in family of person who was household informant (i.e. who provided information on household members).

REMARKS: This variable classifies households from information on the household enumeration form (HEF) on the basis of 1) number of adults (household members 18 and older), 2) the presence of children (0 vs. 1+ household members less than 18), 3) number of married people in the household, 4) relation of second or third listed persons to head (in households with 2 or 3 adults), and 5) gender of head and second listed person when second listed person is not related to the head (in households with two adults). When the HEF roster counts differed from the processed HEF variables (ADULTS, BABIES, PRETEEN, TEENS, HOMPOP), the processed values were utilized. This generally means that household members away from the housing unit and living in another household or institution were not counted for this variable (see above AWAY1-14 and WHERE1-14). Visitors not absent from the household are counted.

REMARKS: This variable is a collapse or recode of HHTYPE. The categories are explained below.

(1) Married couple with no children = 2 or more adults with either respondent being married or two or more members being listed as married with no one under age 18.

(2) Single parent = 1 adult and 1 or more members under age 18.

(3) Other family, no children = 2 or more adults with 2nd or 3rd person listed related to head of household; no married couple and no household members under age 18.

(4) Single adult = 1 adult and no one under age 18.

(5) Cohabiting couple, no children = 2 adults of different genders not married nor related to each other. This category covers most, but not all, cohabiting couples. Excluded are cohabiting couples in which relationship and/or gender information was missing or households with three or more adults with at least one unrelated to the others. Also, same sex cohabiting couples are excluded. See GSS Methodological Report No. 73 for more details.

(6) Non-family, no children = 2 adults with 2nd listed person unrelated to head and same gender as head and no one married, or with three or more adults with the 2nd and 3rd persons unrelated to head.

(8) Unsure, no children = 2 or more adults, unmarried or with relationship and/or marital information unclear or conflicting, but with no one under age 18.

(11) Married couple with child(ren) = Number 1 with 1+ members under age 18.

(13) Other family with child(ren) = Number 3 with 1+ members under age 18.

(15) Cohabiting couple with child(ren) = Number 5 with 1+ members under age 18.
(16) Non-family with child(ren) = Number 6 with 1+ members under age 18.

(18) Unsure with child(ren) = Number 8 with 1+ members less than age 18.

1818. Number of family generations in household.

REMARKS: This variable indicates how many direct family generations (e.g. grandparent, parent, child) reside in the household. It counts children-in-law and parents-in-law as direct relations, but does not count collateral relatives (e.g. nieces and nephews, aunts and uncles). In addition, it is impossible to identify grandparents (or above) of the head. It should be noted that for FAMGEN children were defined by their relationship to household head, not by their age as in HHTYPE. All regular household members and visitors listed on the roster are counted regardless of presence. For more details, see NORC Methodological Report No. 73.

REMARKS: Over the years, the variables of household composition have changed twice. The RELATE1-14 series has been asked over all the years of the survey. In 1993, extra categories were added and, because of this, the variable names were changed to RELHHD1-14. In 2000, two additional changes were made. First, the definition of head of household was changed from “head of household” to “the person or one of the persons who own or rents this home.” Second, additional categories were added about children. Because of this, a new household composition series, RELHH1-14, was created. RELHH variables can be collapsed into the RELHHD format, and the RELHHD variables can be collapsed into the RELATE series.

REMARKS: Income variables (INCOME, RINCOM77, RINCOM82, RINCOM86, RINCOM91) are recoded in six-digit numbers and converted to 2000 dollars. The collapsed numbers above are for convenience of display only. Since this variable is based on categorical data, income is not continuous, but based on categorical mid-points and imputations. For details see GSS Methodological Report No. 101.
